AstroScope shown on Sony AX-1 Handycam® Video Camcorder

Now experience the high quality and performance of Sony camcorders at night with the Lynred USA AstroScope Night Vision Module. Specially designed for use on popular Sony Handycams and Advanced/Professional Camcorders, the AstroScope results in the production of high-quality, high-resolution night-time video.

The AstroScope Night Vision Module transforms dark scenes (below 10^{-4} lux) into bright, high-resolution imagery video recorded by the Sony camcorder. The AstroScope assemblies are specifically designed for rugged use on many Sony fixed-lens camcorders to produce high-quality video under very demanding conditions.

At the heart of the AstroScope system is a Gen III Central Intensifier Unit (CIU). AstroScope's modular design enables you to expand your night vision capabilities by allowing you to easily transfer the CIU to other camcorder and digital SLR camera platforms.

We have models that feature automatic gain control plus includes a manually adjustable maximum output brightness permitting the user to achieve the optimum balance of brightness and clarity in the image.

AstroScope™

for Sony High Definition Camcorders

Convert your High-End Sony Video Camera into a High-Performance Night Vision System

A design that delivers optimum performance in every configuration.

Features	Benefits
<ul style="list-style-type: none"> Professional-Grade Accessory 	<ul style="list-style-type: none"> Designed for use in field environments, the AstroScope system is rugged, compact and versatile.
<ul style="list-style-type: none"> Modular Design 	<ul style="list-style-type: none"> Take advantage of the opportunity to "swap" a CIU from one AstroScope system configuration to another (for example, use one CIU for both a camcorder and a digital SLR camera).
<ul style="list-style-type: none"> Improved Low-light Performance by 8 to 10 F-stops! 	<ul style="list-style-type: none"> Capture bright, tack-sharp, edge-to-edge image detail. The AstroScope system is the highest performance design available for night vision photography.
<ul style="list-style-type: none"> User-Friendly Design 	<ul style="list-style-type: none"> No special setup, calibration or operator training required. Simple, field-expedient configuration and operation.

Unlike pocketscope-based night vision setups, AstroScope is specifically designed for image capture applications. Only AstroScope enables you to use high-performance lenses to shoot full-frame images at distances beyond 1000 meters!

AstroScope's modular design enables you to easily transfer the image intensifier to other camera platforms including digital SLR cameras and video cameras.

- ◆ Unlike pocketscopes, designed for image capture configurations
- ◆ Use high-performance objective lenses
- ◆ Installs in less than 30 seconds

Experience the difference.

See 8 to 10 F-stops more light!

ITEM	DESCRIPTION
9350BRAC-30 Part #: 914884 9350B-30V - Variable Gain P/N: 915076	AstroScope Night Vision Adapter for 30mm HD camcorders. Includes back body adapter with relay optic and locking ring to attach to camcorder and front c-mount lens adapter. Requires CIU and lens for operation.
9350BRAC-37 Part #: 914885 9350B-37V - Variable Gain P/N: 915079	AstroScope Night Vision Adapter for 37mm camcorders. Includes back body adapter with relay optic and locking ring to attach to camcorder and front c-mount lens adapter. Requires CIU and lens for operation.
9350BRAC-62 Part #: 915492 9350B-62V - Variable Gain P/N: 915493	AstroScope Night Vision Adapter for 62mm camcorders. Includes back body adapter with relay optic and locking ring to attach to camcorder and front c-mount lens adapter. Requires CIU and lens for operation.
9350BRAC-EX1 Adapter for PMW-EX1 Part #: 914915 9350B-EX1V - Variable Gain P/N: 915088	AstroScope Night Vision Adapter for Sony® PMW-EX1 camcorder. Includes back body adapter with relay optics, front c-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.
9350BRAC-EX1R Adapter for PMW-EX1R Part #: 915207 9350B-EX1RV - Variable Gain P/N: 915206	AstroScope Night Vision Adapter for Sony® PMW-EX1R camcorder. Includes back body adapter with relay optics, front c-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.
9350BRAC-EX3 Adapter for PMW-EX3 Part #: 915049 9350B-EX3V - Variable Gain P/N: 915091	AstroScope Night Vision Adapter for Sony® PMW-EX3 camcorder. Includes back body adapter with relay optics, front c-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.
9350BRAC-NX5U Adapter for HXR-NX5U Part #: 915232 9350B-NX5UV - Variable Gain P/N: 915307	AstroScope Night Vision Adapter for Sony® HXR-NX5U camcorder. Includes back body adapter with relay optics, front C-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.
9350BRAC-V1U Adapter for HVR-V1U Part #: 915253 9350B-V1U/V - Variable Gain P/N: 915260	AstroScope Night Vision Adapter Kit for Sony® HVR-V1U camcorder. Includes back body adapter with relay optics, front c-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.
9350BRAC-Z7U Adapter for HVR-Z7U Part #: 914913 9350B-Z7UV - Variable Gain P/N: 915082	AstroScope Night Vision Adapter for Sony® Z7U and Z5U camcorders. Includes back body adapter with relay optics, front c-mount lens adapter and bracket that attaches to base of NV and camcorder. Requires CIU and lens for operation.

Please contact us for a complete listing of all available camcorder adapters.

AstroScope Central Intensifier Unit (CIU) Options

ITEM	DESCRIPTION
Gen III Aviation Model #: 9350CIU3-A Part #: 914365 Model #: 9350CIU3-AV (variable gain) Part #: 914984	Super high performance-grade, thin-filmed, auto-gated third-generation image intensifier, specially selected for the most demanding military applications. Leading-edge sensitivity, resolution and contrast with better halo reduction and anti-blooming technology.
Gen III Pinnacle Model #: 9350CIU3-N Part #: 914248 Model #: 9350CIU3-NV (variable gain) Part #: 914986	Exceptional-grade, thin-filmed, auto-gated third-generation image intensifier, specially selected for the most demanding military applications. State-of-the-art sensitivity, resolution and contrast, with built-in technology designed to reduce halos and blooming effects!
Gen III Omni IV Model #: 9350CIU3-IV Part #: 914065 Model #: 9350CIU3-IV (variable gain) Part #: 914985	Specially selected, third-generation image intensifier. Military-grade sensitivity, resolution and contrast.

Objective Lens Options

ITEM	DESCRIPTION
Part #: 914309	8 mm F1.3 Lens
Part #: 915229	25 mm F1.8 Lens
Part #: 903020	50 mm F1.3 Lens
Part #: 914029	75 mm F1.3 Lens
Part #: 908006	12.5-75 mm F1.2 Zoom Lens
Part #: 908000	135 mm F2.8 Lens
9350FLA-PVS	Front Lens Adapter that includes an integrate 23mm F1.3 1X High performance Night Vision Optic. Replaces the 9350FLA included in the standard bracket and eliminates the need for a C-mount lens.
